It is my great pleasure to introduce to you the Eichholtz Furniture Collection Book Volume 5 that reflects on our creative journey.

Almost everyone speaks of a typical 'Eichholtz style' but in my opinion there is no one particular style that defines our work. Although we work with a central idea, we always set different, innovative and dynamic goals when we create a new collection. International borders have not restricted us from finding and sourcing the finest of the finest. We travelled across the globe and this book shows you where our travels have taken us. According to Diana Vreeland, "The eye must travel" and I couldn't agree more.

Our comprehensive new collection is divided over three inspiring books: Furniture, Lighting and Accessories. We hope you will enjoy meandering through the pages of these Eichholtz Inspiration Books as much as we enjoyed creating it.

### High visibility & tangibility

Eichholtz attends all distinguished interior design fairs in order to showcase new collections. To name a few: Maison & Objet (Paris, France), Salone del Mobile (Milan, Italy), Decorex International (London, UK), iSaloni WorldWide (Moscow, Russia), High Point Market (High Point, NC, USA) and Ambiente (Frankfurt, Germany). All in-house events have a personal character because they are invitation-only events. These are organised to bring together designers, architects, retailers and hoteliers. # PETRIFIED WOOD

L I T E R A L L Y “ W O O D T U R N E D  
I N T O S T O N E ”

Petrified wood is the result of trees that have completely transitioned to stone by the process of permineralization. This process occurs underground, when wood becomes buried under sediment or volcanic ash and is initially preserved due to a lack of oxygen which inhibits aerobic decomposition. All the organic materials have been replaced with minerals while retaining the original structure. All pieces are unique and vary in colour and shape.
