HOTEL COLLECTION

KASSATEX

NEW YORK

A brand is a promise... a promise to consistently deliver the highest quality, creatively designed and competitively priced products. Over the last 18 years Kassatex has experienced tremendous change, and has evolved to meet the ever changing needs of the marketplace. With what began as one product, has evolved into a line with multiple product categories being sold across multiple channels.

Coming from a textile family, I was fortunate enough to have traveled the world, and was always inspired by the diverse mix of cultures I encountered along the way. This tradition is inherent in the Kassatex DNA as I continue to travel the world with my creative team. Our goal is always the same; discover new ideas, exciting colors and luxurious materials... our travels did not disappoint.

Fashion, art and architecture have long been the cornerstone of our design inspiration which allows our philosophy of layering and the cross merchandising of collections to come to life. We believe in quality, and that means securing mills with traditional, time-honored methods of production combined with our own modern designs. We work exclusively with renowned text mills in Portugal, Turkey and Italy, to name a few; famous for crafting some of the world's most distinguished materials for several generations.

With keeping up with all kinds of new technologies we are able to continue innovating fabrics to use within our latest Hotel Collection. When designing this collection we made it our mission to put comfort, durability and sustainability first; while keeping the guest's best interest in mind. Enjoying the experience of going to a Hotel while feeling like you are in the comfort of your own home.

I hope you will love this collection as much as we loved creating it. Thank you for your continued support over the years; you have helped to make my dream a reality.

Sincerely,
