**GOOD DESIGN
AWARD**

The 2017 Good Design Award-winning Vesey Lounge Chair is architecturally intricate and remarkably comfortable. Its unique, ultra-thin steel frame is wrapped in rich wood veneer for a warmer feel. A very fine painted edge lines the entire frame, providing the perfect amount of chromatic contrast. The seat itself is fairly wide and enveloped by Italian-imported premium fabrics. The outer shell of the Vesey is tastefully veneered in matching wood grain to complete the luxurious look. Commercial grade quality.

The Red Dot Award-winning Belmont Bench is more of a sculpture than a seat. Its wooden, walnut shell judiciously juxtaposes its metallic matte interior. The undulating wave design can comfortably seat three. Equally at home in a gallery or your living room, the Belmont Bench is a work of art that commands attention through sheer presence alone.
